

This November, voters will have an opportunity to support a package of bond issues designed to improve neighborhoods and city services.

The bond package will address priority issues such as neighborhood facilities, pedestrian safety, job creation and green space.

The bond package will provide funding for a variety of capital improvements such as roadway improvements, safety facilities, street lights, park renovations and other things that are important to our neighborhoods.

Supporting the bond package does not mean higher or new taxes.

A series of community meetings has been scheduled to provide you with the opportunity to discuss the bond package and to give you the opportunity to let us understand the needs of your neighborhood.

Citizen input is an important component to this process.

Please participate in the process by attending an open house where tables will be set up with representatives of city departments to provide you with information about the city's capital improvement plans.

The open houses will be held at

May 4 — Westgate Recreation Center
455 S. Westgate Ave.

May 5 — South Side Pride Center
310 E. Innis Ave.

May 11 — East Side Pride Center

May 18 — Woodward Recreation Center
